

EasyWay

Deployment Guidelines consultation and the process ahead

Stephanie Kleine, TCT Deputy Chair

EasyWay DG 2010 process

- Full Member States consultation process June 2010
- Comments received processed in the ESGs Sept
- Updated DG for last comments Oct/Nov
- DG 2010 version adopted by EW SC in Lisbon Nov 2010

All DGs 2010 are available on the website

EasyWay homepage reference

EW Web

- Consultation
- Deployment Guidelines
- Information

The screenshot displays the EasyWay website homepage. At the top, a navigation menu includes links for 'EasyWay Project', 'News', 'Activities', 'Calendar', 'Expert and Studies Groups', 'Deployment Guidelines', 'Documents', 'Annual Forums', 'Workshops', and 'Contacts'. The 'Documents' menu item is highlighted. Below the navigation is the 'EasyWay' logo with three stars and a 'Latest News' section listing recent events like 'Annual Forum 2010 - Registration OPEN!' and 'Freight and Logistics Secure Parking Workshop'. A breadcrumb trail shows the current path: 'Home > Documents > Deployment Guidelines > EW I DG Review Process > Phase II > Presentations DATEX Forum 2010 available'. A search bar is located on the right. The main content area is divided into sections: 'Downloads' and 'Search' with icons, 'Home' and 'Document' tabs, and a 'Phase II' section with a notice: 'Review Phase II has terminated in November 2009.' Below this are 'CategoriesFiles' and a list of services: 'A1- Traffic Information Services', 'A3- Freight and Logistic Services', 'A5 - VMS Harmonisation', 'A2- Traffic Management Services', 'A4- Connected ICT Infrastructure', and 'A5 - DATEX II'. On the right side, there is an 'Events Calendar' for September 2010, a 'Login Form' with a 'Log out' button, a 'User Menu' with links for 'Administration', 'Submit News', and 'Your Details', and a 'Subscribe to ewMonthly' button.

The EW2 DG process

- Adoption “2010 versions” Nov 2010
DONE
- ESG work including consultations Dec 2010 - Dec 2011
- “Draft 2012 version” Dec 2011
- Formal MS + Stakeholder consultation process Jan 2012 – June 2012
- ESG Revision “proposed final 2012” July 20112 – Sept 2012
- MS review October 2012
- Adoption “final 2012 version” November 2012

Work ahead for the ESGs and the TCT

- Integrate minimum technical and functional description
- Combine Operating environment classification with DGs
- Further evaluation results / best practice to be added (internal – external)
- Recommendation based on best practice
- Improved alignment between the different DG
- Investigate how to improve informal consultation with MS
- Communicate Deployment Guideline 2010 to external stakeholders
- Integrate new working results from ESG and TCT
- Check continuously end user orientation
